**Position: Senior Landscape Architect**

**Type: Full Time**

**Posting Date: September 16, 2024**

**Janet Rosenberg & Studio Inc. (JRS)**

JRS is a creative and collaborative design studio that imagines and realizes beautiful and resilient landscapes. Our portfolio of work can be viewed at jrstudio.ca. We are looking for a driven and creative professional to work on various projects from concept to construction. The successful candidate will have experience managing a team of junior landscape architects and will possess strong design, contract document, and project management skills. JRS provides a competitive salary, flexible group insurance plan, payment of membership fees to applicable professional associations and opportunities for advancement.

**Why Join our Studio?**

JRS is recognized for its extensive and award-winning portfolio of work that includes public, commercial, and institutional spaces as well as private residential gardens, green roofs, and condominium towers. Known for design excellence, quality execution, creativity, and innovation, JRS works on a diverse range of exciting projects with interesting clients and collaborative design teams from around the world. We are a team of professionals who are passionate about landscape architecture and designing spaces for people that are functional, resilient, sustainable, and creative.

We offer a great studio environment in mid-town Toronto with a strong sense of team and collaboration. Our LA's work closely with Janet Rosenberg and JRS Principals from the start to finish of projects. JRS promotes continual learning and professional development, and we routinely pursue design competitions and installations as a way to push creativity and boundaries. The leadership team at JRS is committed to growing a strong firm and a successful business, and we are looking for people who want to be a part of that process.

**Qualities Include:**

- Excellent communication and organizational skills
- Demonstrated design and technical design skills
- Proven ability using and managing AutoCAD, Microsoft Office Suite, Adobe Creative Suite & Adobe Acrobat, SketchUp, RHINO
- BIM/Revit experience is an asset
- Competency with Toronto Green Standards and LEED
- Knowledge of local approving authority requirements and technical construction process
- Experience writing and editing specifications is an asset

**Janet Rosenberg & Studio**

**Education & Experience Required:**

- Bachelor's or Master's degree in Landscape Architecture or similar certification
- Member of OALA or CSLA
- +/-10 years Project Management Experience preferred
- Excellent AutoCAD skills
